

Mainstay 2-Day Certification School—Agenda

DAY ONE:

Time	Presentation	Topic	Instructor
8:00 AM (30)	Welcome—Day 1	Introductions & how to maximize the next two days	All
8:30 AM (30)	Consequences of I&I, Corrosion, & Structural Decay	<u>The Why</u> – It is important we do what we do.	Don Rigby
9:00 AM (20)	Safety First	Everyone’s #1 responsibility	Craig Closser, Chad Closser, Brock Closser
9:20 AM (30)	Condition Assessment & Surface Preparation	Surface preparation methods & standards	Craig
9:50 AM (10)	Grout vs. Hydraulic Cement	Choose optimum methodology – Know when and why	Don
10:00 AM (15)	15 min break		
10:15 AM (60)	Hands-On Work Stations (2) (30 min each)	Demonstration: Injection grouting Prime Flex 985 Fast, Prime Resins Oakum, Mainstay ML-10 Hydraulic Cement, PH testing concrete slab	Don, Craig, Brock, Chad
11:15 AM (60)	Cementitious Linings & Mortar Application	Mortar types, benefits, applications	Craig
12:15 PM (45)	45 min lunch		
1:00 PM (60)	Mainstay ML-72 Demo	Mortar application using Madewell equipment & products	Brock, Chad
2:00 PM (60)	Epoxy Coatings & Chimney Seal	Epoxy coatings, benefits, applications, & the Mainstay Composite Liner system	Natalie Steele
3:00 PM (15)	15 min break		
3:15 PM (60)	Mainstay DS-5 & Madewell 806 Demo	Epoxy application using Madewell equipment & products	Brock, Chad
4:15 PM (30)	Roundtable Discussion — Summary Review	Interactive Q&A	All
4:45 PM	Conclude Day 1		
5:30 PM	Dinner on us! (Alcoholic beverages excluded)		

Mainstay 2-Day Certification School—Agenda

DAY TWO:

Time	Presentation	Topic	Instructor
8:00 AM (30)	Welcome Back	Intro to Day 2 – Class photo	Don
8:30 AM (60)	Begin with the End in Mind: Testing Standards & How to Avoid Problems	Quality control methods & test standards	Natalie
9:30 AM (30)	Making Mortar Cubes	How to make mortar cubes in the field to achieve the highest results	Natalie
10:00 AM (15)	15 min break		
10:15 AM (60)	Hands-On Work Stations (3) (20 min each)	Adhesion, thickness, & holiday testing	All
11:15 AM (15)	Crack Laminate Lining System	Above grade/below grade solution for moving cracks	Craig
11:30 AM (45)	Sprayable/ Trowelable Epoxy Surfacer	Epoxy surfacer application for bridging cracks	Brock, Chad
12:15 PM (45)	45 min lunch		
1:00 PM (45)	Mortar Trailer Equipment	Walk-thru operations, maintenance, & troubleshooting of equipment	Brock, Chad
1:45 PM (45)	Epoxy Trailer Equipment	Walk-thru operations, maintenance, & troubleshooting of equipment	Brock, Chad
2:30 PM (15)	15 min break		
2:45 PM (15)	Summary Review of 2-day Event	Interactive Q&A	All
3:00 PM (15)	Evaluation Form and Certificate (17 PDH Credits)	Dropbox link with course content, tech data sheets, etc.	All
3:15 PM	Conclude Day 2 – Travel Safe!
